

## **LeConte Grounding**

**(DCA04MM020)**

### **Voyage Data Recorder**

One CD of information recorded from the Voyage Data Recorder on the Le Conte is held as a shelf item at NTSB in the Office of Public Inquiries. The Voyage Data Recorder, for some unknown reason, stopped prior to the accident; thus, it was not possible to replicate the last vessel maneuvers leading to the grounding.

A copy of this disc may be obtained by calling the Office of Public Inquiries at 202-314-6551 or 1-800-877-6799, or in writing to the following address:
